DEBORAH KNOX

CONSULTANT TO THE A/E/C INDUSTRY

Architecture, engineering and construction project coordinator, Writer, editor, graphic designer, community engagement planner, marketing/proposals, simple website creator. I have worked supporting the Pittsburgh region's built environment since 1993.

Davis Consulting Solutions, Community Outreach Planner

Study of the Glen Hazel Neighborhood for the Housing Authority of the City of Pittsburgh. Then, with HR&A Associates, supporting the Pittsburgh Department of City Planning Strategic Plan. 2020-present

Grant E. Scott, AIA - Owner's Representative for private client residential renovation. Organized permits and all FF&E deliveries, trouble-shooting, hired contractor, provided progress photos from design through project close-out. 2021-2023

Michael Baker International, Consultant/Project Coordinator

Project Coordinator for \$200+ million of the \$1.3 billion Pittsburgh International Airport Terminal Modernization Project. We set up and document meetings, create action items and work with multiple teams to support project momentum using both Michael Baker and Airport Authority tracking programs. 2018-2021

Rand Corporation, Contract/Project Administrator

Expert Analysis of FEMA Cost Analysis project administrator, with Alpine Allegheny. Our team reviews site/civil infrastructure estimates to verify accuracy and reasonableness of data for projects exceeding \$5 million. 2014-2017

Informing Design, Social Services Liaison

Working with a team of information scientists, computer programmers, a cartographer and graphic designer, I research, update the program, train and manage community engagement activities for BigBurgh.com and other projects. This WebApp was developed with a consortium of law enforcement and social service professionals, clergy, teachers and the public in directing homeless and indigent people to free services in Allegheny County. 2012 - present

Deborah Knox, Principal

I have been putting together project teams for decades, most notably for Perfido Weiskopf Wagstaff + Goettel, Tower Engineering, and KSBA Architects. Many of these teams were designed to deliver exceptional projects while meeting MWDBE goals as required by the client.
